UNSECURED ADMINISTRATIVE TELEPHONE

- Greatest security hazard. It picks up more than voice of the person holding it; it also picks up other voices or equipment sounds in the background.
- Don't discuss classified information on the phone.
- Never leave the phone off the hook when it is not in use.

FIRE ALARM BOXES

Liberty Drive — Across from Building 106..... Box Number: 3
 Lox Plan t — Next to Building 15..... Box Number: 62

****NOTICE****

THIS DIRECTORY IS COMPILED FROM LISTINGS FURNISHED BY ORGANIZATIONS AND YOU — THE USER.

Keep your telephone information UP-TO-DATE. Report all changes, errors, additions or deletions as they occur to your Telephone Control Officer (TCO).

REMEMBER:

The directory is only as accurate as the information we receive from you.

TCOs MUST FORWARD INFORMATION TO THE 47CS/SCOI IN LETTER FORMAT.
 ANY QUESTIONS REGARDING CHANGES SHOULD BE SUBMITTED TO THE BASE TCO, 47CS/SCOI, EXT. 4232

Do NOT Discuss Classified Information on Non-Secure Telephones.

Official DoD Telephones are subject to monitoring for communications security purposes at all times.

DoD telephones are provided for the transmission of official government information only and are subject to communications security monitoring at all times.

Use of official DoD telephones constitutes consent to communications security monitoring per DoD Directive 4640.6.

 - Hang up or press RLS.
 - When you hear the Ring Again tone, select a free line.
 - Press Ring Again to automatically dial the number.
- Call Forward:** Call Forward allows you to send your calls to another extension. You cannot forward calls while the telephone is ringing.
 - To forward your calls:
 - Press forward. The indicator flashes.
 - Dial the extension that you want to forward your calls to.
 - Press Forward again. The indicator flasher remains on.
 - To cancel forwarding:
 - Press Forward. The indicator turns off.
 - To reinstate Call Forward to the same number:
 - Press Forward twice. The indicator turns on again.

PROMOTING GOOD TELEPHONE SERVICE

Good telephone service is based on the accuracy, speed, and courtesy of both operating personnel and subscribers. Subscribers should be guided by the following rules:

- Security.** Communications security is the protection designed to deny unauthorized persons valuable information derivable through their possession and study of telecommunications, or to mislead unauthorized persons in their interpretation of the results of such a study. Telephone users are responsible for the security of information discussed over the telephone, as prescribed in AFI 31-401.
- Brevity.** For economy and maximum use of available facilities, telephone conversations should be as brief as possible. This is particularly true of long distance and DSN calls.
- Authorized Use.** Personal matters or unofficial business should NOT be discussed over telephones that are authorized for official business only.

TELEPHONE TIPS

- When you receive a telephone call:
 - Answer promptly.
 - Identify yourself when answering.
 - Speak distinctly and pleasantly. Hold mouthpiece well in front of lips.
 - Avoid trite and abrupt phrases.
 - Volunteer your assistance.
 - Request identity of caller only when necessary and in a tactful manner.
 - Explain off-the-line delays.
 - Take messages willingly. Write essential details on a suitable message form. Deliver promptly.
- When you make a telephone call:
 - Listen for dial tone. Dial carefully.
 - Place the call yourself. Make sure you are on the line ready to talk when the called person is reached.
 - Have the correct number in mind. Consult your directory.
 - Identify yourself immediately to the first person answering the called telephone.
 - Try to complete your business on one call by securing information or leaving a message.
 - Volunteer your extension and the best time to reach you in case you request a call-back.
 - Keep your conversation brief and businesslike.

TELEPHONE TROUBLE REPORTING

- All trouble encountered with administrative telephones and associated equipment will be reported by dialing "4199" for base extensions. From base housing and Del Rio dial (800) 483-1000.
- Administrative telephone troubles not corrected within a reasonable time should be reported to 47CS/SCOI, ext. 4282.
- When reporting trouble, the following information is required:
 - Telephone number (extension number).
 - Listing of telephone.
 - Location of telephone — Building number and room number if known.
 - Nature of trouble.

REQUESTS FOR SERVICE

- Contact your unit's Telephone Control Officer to request installation of official telephone service or modification of existing official telephone service.

- Unofficial Service Requests. Private service may be obtained by calling the VERIZON Telephone Company business office, (800) 483-4400. Contract arrangements for such private telephone service are made by the person involved, who is solely responsible for payment of any charges incurred. ONLY AUTHORIZED PERSONNEL MAY ADD, REMOVE, OR RELOCATE COMMUNICATIONS EQUIPMENT. (AFI 33-111)

LONG DISTANCE CALLS

- Official long distance calls are paid by AETC appropriated communications funds. It is essential that these calls be held to the minimum. Every effort will be made to place calls over the DSN circuits or via toll-free numbers. Calls should be limited to 5 minutes or less and should be placed as station-to-station calls.
- If placement of long distance calls via DSN cannot be accomplished, the Toll Free Information Operator will be contacted by dialing "0" and asking the base operator for "800" Information. If placement of a long distance call is necessary, the organizational telephone control officer will place the call using their assigned PIN #.
- Incoming "collect" official calls will be accepted only after a billing number is obtained from the control officer of Command Post. The person accepting the call will call the control officer or Command Post on another line to obtain the billing number. The person accepting charges will then write the calling parties name, phone number and city they are calling from.
- SOME PERSONAL CALLS MAY BE PLACED FROM BASE EXTENSIONS OR CLINIC EXTENSIONS. Public pay telephones are available for use in placing personal calls. Direct Distance Dialing (DDD) is available to the Base Housing Area (298 exchange) and the Del Rio exchanges by dialing "1," plus Area Code, plus number. All long distance calls from base and hospital extensions must be placed through the Telephone Control Officer.

NUISANCE AND THREATENING CALLS

Malicious, threatening, abusive, indecent, annoying, or harassing telephone calls, including those in which obscene or profane language is used, are prohibited by state and federal laws. The following actions should be taken if you receive such a call:

- Nuisance Calls:**
 - Make the caller identify himself. When a voice asks, "Who is this?" ask instead, "What number did you dial?" or "Who do you want?"
 - If the caller remains silent after you answer, or makes any obscene or suggestive remarks, HANG UP! If calls persist notify Security Police, exts. 5100/5555/5102. Furnish as much information as possible about the call and the caller.
- Threatening Calls Received on Private Telephone:**
 - Hang up.

- Call Security Police, ext. 5100/5102. Base housing residents dial 298-5100 or 298-5102.
- Bomb Threats or Other Threatening Calls Received on Government Telephone:**
 - DO NOT HANG UP.
 - Try to keep caller on line.
 - Signal someone else to call Security Police, ext. 5100.
 - If no one is available, DO NOT HANG UP, but use another phone to notify Security Police.
 - Obtain as much information as possible about the call/caller using the following checklist.
 - Checklist for Threatening Calls:**

Time Call Received _____
 Exact Wording of Threat _____
 Person Receiving Call _____
 Unit _____
 Telephone Number _____
 Address/Bldg. Number _____
 Time Caller Hung Up _____
 - Questions to Ask on Bomb Threats:**

When is the bomb going to explode? _____
 Where is the bomb? _____
 What kind of bomb is it? _____
 What does it look like? _____
 Why did you place the bomb? _____
 - Description of Caller's Voice:**

Male Female Young Middle Age Old
 Tone of voice _____ Accents _____
 Background noise _____
 Is voice familiar? _____
 If so, who does it sound like? _____

TELEPHONE DIRECTORY LISTINGS

- The listings published in this directory are as accurate as the information submitted by each organization.
- Since this information can remain current for a limited period of time only, it is suggested that you review all possible listings pertaining to you and your activity for accuracy.
- The maintenance of accurate information and directory records is one of the main factors in rendering prompt and satisfactory service. Changes, erroneous listings, or obsolete listings should be reported to the Base Telephone Control Officer, ext. 4282, as soon as possible.

MERIDIAN MAIL VOICE MESSAGING SYSTEM

If you do not have a users guide, contact the Telephone/Telecom Office at ext. 4282.

DSN INTER-AREA (GLOBAL) CALLING

The DSN provides global telephone service for authorized users. Where you call depends on your mission and how your telephone line is class-marked. If your calling area is limited, you will not be able to dial outside your calling area. Use the 3-digit area code plus the 7-digit DSN number when making an inter-area (outside your theater area) call. The following is a geographical listing of DSN area codes for calls outside the CONUS area:

Alaskan Section	DSN Area Code 317
Canadian Section.....	DSN Area Code 319
European Section.....	DSN Area Code 314
Pacific Section.....	DSN Area Code 315
Southwest Asia Section.....	DSN Area Code 318

The Secure Telephone Unit (STE) is a small, easy to use telephone that can be used for clear or secure communications. The STE terminal uses a unique method of encrypting or securing your voice signal, identifying the parties involved in the conversation and determining the security classification allowed during the call. Its ultimate purpose is not only to secure your classified conversation but also those of a sensitive unclassified nature.

The base STE office is under the purview of the Base COMSEC Manager assigned to the 47th Communications Squadron. Address any questions concerning STE terminals or its keying material to COMSEC Manager at extensions 5700.

QUICK REFERENCE — FREQUENTLY CALLED PHONE NUMBERS
